## Letter from the North Gower Grains Directors

Dear Valued Customers,

As many of you know, we experienced a great loss earlier this January with the passing of our father and leader, Dwight Foster. For some time now, the generational transition of the business to Dwight's children—Delores Seiter, Allison Foster, Greg Foster, and Ron Foster—has been underway. However, Dwight remained the heart and face of our company.

We want to assure you that North Gower Grains will strive to continue operating with the same commitment to service and excellence that Dwight upheld. Our goal is to maintain business as usual, providing you with the same reliable service you have come to expect.

If you need assistance, our dedicated team is here to help:
